SPECIFICATION

1. SS AISI 304 MAT FINISH AMUL DRAIN TRAPS WITH SS TOP GRILL

The traps shall be manufactured from SS AISI 304 Grade as per enclosed drawing. The trap shall be of the design and size shown in the drawing enclosed.

The design shall be as per the following requirements:

1. Very hygienic designed main body from dia 250mm (10)" pipe.
2. Provide 8mm thick top plate to withstand heavy load/trolley movement.
3. 10mm slots shall be provided to filter large particles on the top plate.
4. Provide 8mm hole strainer inside the body to prevent small particles.
5. Inside filter shall be circular shape having 8mm diameter holes and dia 150mm pipes which is having 25mm holes to filter smaller particles.
6. The trap is hygienically designed in such way that certain amount of water remains in it (water seal) to prevent foul smell and entering of insects through the drainage pipe line.
